Message from the Vice Chancellor

At Solent we are committed to our international communities and are proud to have been in partnership with BCAS since October 2019. We are delighted to be providing students in Sri Lanka access to outstanding Solent courses in business and computing, and we look forward to building on our partnership in years to come.

Professor Karen Stanton
Vice-Chancellor
Solent University, UK

Do you have a passion for **computing?**

Are you fascinated by modern technologies? This British Computer Society accredited degree programme focuses on the technical aspects of computing, placing a strong emphasis on programming skills. This will help you to attain the vital technical knowledge required to pursue a range of IT careers, as well as the transferable employability skills needed to secure your first role.

BSc (Hons) in Software Engineering

Do you have a passion for programming? Want to study a degree that can lead to a varied career in the IT industry? Solent's British Computer Society (BCS) accredited software engineering programme teaches you how to apply proper engineering techniques to software development projects, building effective software products for devices.

MODULES COVERED

CODE	MODULE NAME	CREDITS	TYPE	LEVEL
BCC627	Data Science	20	0	6
BCC628	Machine Learning	20	0	6
BCC629	DevOps	20	C	6
BCC630	Industrial Consulting Project	20	C	6
BCC631	Dissertation Project	40	C	6

Total Credits : 120

BSc (Hons) in Computer Systems & Networks Engineering

Do you want to learn how to create and maintain in-house and cloud intrastucture computer systems? This practical degree programme, accredited by the British Computer Society, will help you to develop an in-depth understanding of the major components and principles underpinning computer and network technologies.

MODULES COVERED

CODE	MODULE NAME	CREDITS	TYPE	LEVEL
BCC632	Computer Systems & Architecture	20	C	6
BCC634	Cloud Computing and Virtualisation	20	0	6
BCC633	Internet of Things	20	0	6
BCC630	Industrial Consulting Project	20	C	6
BCC631	Dissertation Project	40	C	6

Total Credits : 120

BSc (Hons) in Cyber Security Management

Do you have an interest in cyber security? Would you like to start a career in one of IT's most hotly debated sectors? This professionally accredited cyber security management programme aims to equip you with the skills you'll need to plan, design, implement, secure and manage computer networks that can facilitate a range of vital business functions.

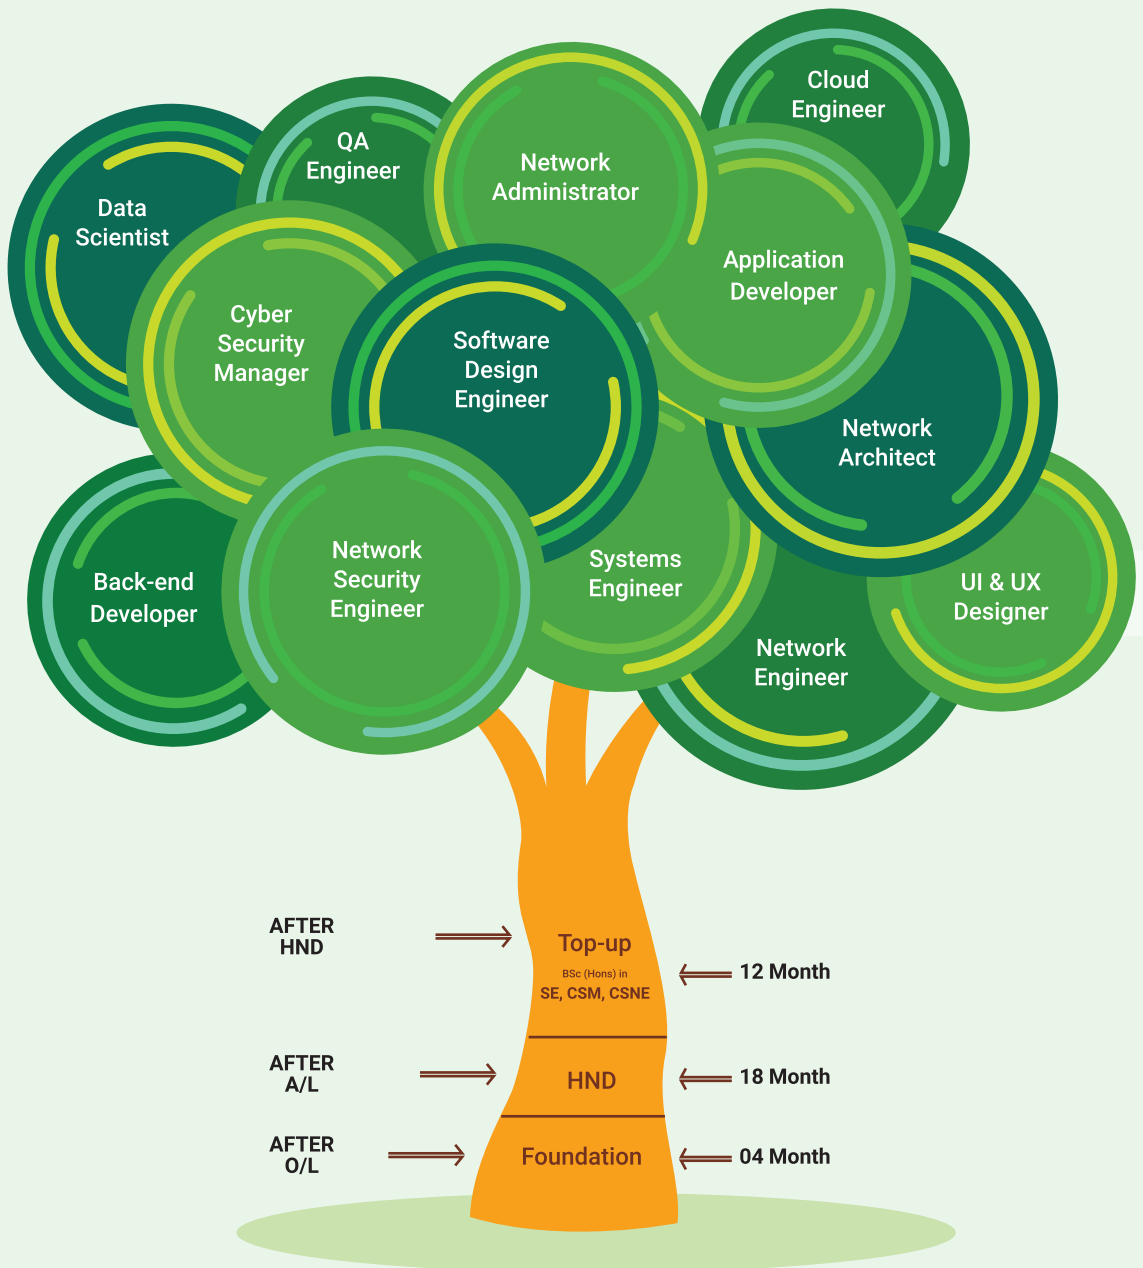

MODULES COVERED

CODE	MODULE NAME	CREDITS	TYPE	LEVEL
